Mr. James T. Brannan, Director
Defense Acquisition Regulatory
Council
Department of Defense

Dear Mr. Brannan:

By letter of August 18, 1981, you requested our comments on a proposed revision to Defense Acquisition Regulation (DAR) § 7-2003.14(a).

You indicate that the proposed revision does not involve any change in the policy embodied in DAR § 12-807.2, which concerns equal employment opportunity (EEO) clearance of contractors by the Office of Federal Contract Compliance Programs, but is intended only to provide clear notice in solicitations that awards which do result, or are expected to result, in an amount of \$1 million or more are subject to preaward EEO compliance clearance.

We have no objection to the proposed revision.

Sincerely yours,

Harry R. Van Cleve
